

WHAT MAKES A GOOD REFERRAL?

L|E|C|O|M

MEDICAL CENTER AND
BEHAVIORAL HEALTH PAVILION

Short-term Psychiatric Residential Treatment Facility (pRTF)

In order to accept a referral, the following conditions must be met:

Insurance Approval

Inpatient clients are easiest to get approval for, but it can be done for those in the community.

Discharge Resource

Discharge resource willing to participate in weekly family therapy sessions and welcome the child back within 60 days.

Family Therapy

A community based family therapy provider is either established or set to establish.

Transportation Method

Transportation to and from our facility for admission, discharge, and any home passes. Transportation for up to a 2-hour radius from our facility can be provided.

The patient being referred must also meet the following criteria:

No active suicidal ideation

No active aggression

No persistent history of aggression toward staff or peers

No sexualized behaviors

Treatment goals expected to be met within 60 days

Ability to cognitively participate in programming

Willingness to participate
